

## Website Goal

To make a fan page for Philadelphia fans who are based in Ireland to interact. Would be fun to meet up and watch games or just virtually discuss the game together.

## Titles for each page

Home page - general page to say hello and intro the new fan page

News page - the most interesting latest stories about the organisation

Team page - maybe not 'team'. Maybe 'DAWGS', 'Dirty BIRDS' or 'Squad' to make it sound more Philly.

Schedule page - maybe 'Games'. Not sure how creative to be with that title.

## Sources

Will use graphics and video from the Philadelphia Eagles organization, or ESPN and FS1 sportscasters who get content from the Eagles anyway but have distilled/derived/spun info in to their own content.
